

### **Phoenix Vinyl Technical Information**

- Newest offering to replace previous vinyl product
- For use as book jackets only
- Cannot be used in conjunction with Spot UV or Matte UV
- Cannot emboss
- Can only print on one side
- Foil stamping possible, but not perfect registration
- Static free, no slip sheeting required (no fee at binder to remove slip sheet, check with binder)
- Lower cost compared to previous vinyl product
- Perforation of one flap is recommended however, due to the lightweight of the vinyl, it may not be required. Check with your binder.
