

>Before using this book, please note:

As new technologies are being developed everyday, programs are updated and new versions are frequently released.

Phoenix Color will be updating our settings in response to new software releases and upgrades when appropriate. Please refer to the Phoenix Color website: www.phoenixcolor.com/tech_info/downloads.html for the latest updates.

Please note:

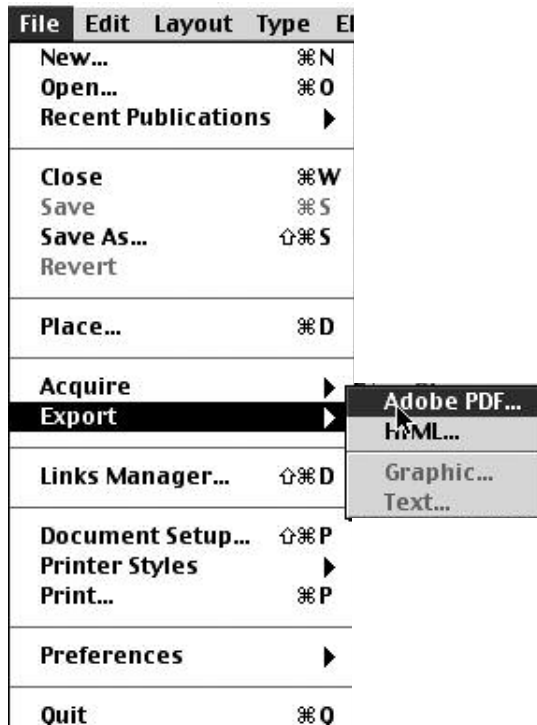

Depending on the operating system you are using the windows in each of the programs may appear differently than in the screen shots provided. The actual window appearances may vary, content should be the same.

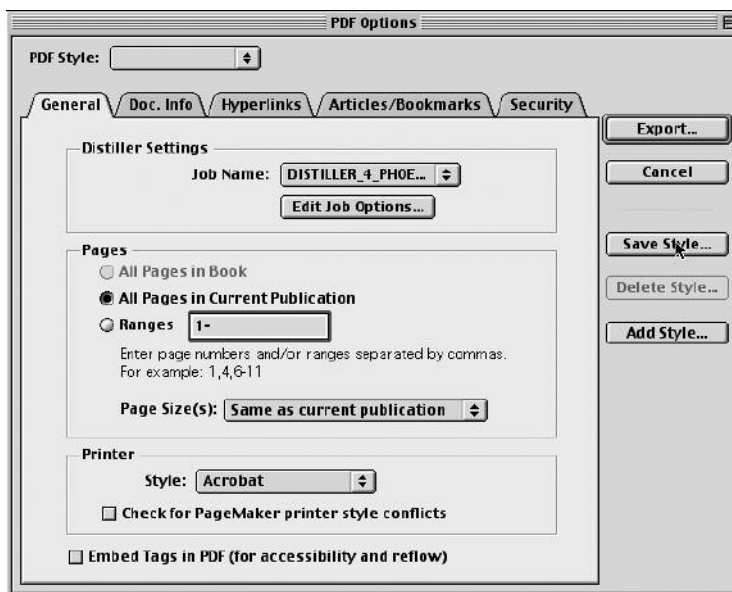

> Exporting PDF Files from Adobe® PageMaker® 7.0

<2.31>-2.33> Settings for *Rockaway/Phoenix Asia*

Please follow these directions for exporting PDF files directly from Adobe® PageMaker® 7.0 for submission to Phoenix Color's Rockaway/Phoenix Asia division. Please note that when creating final Adobe® PageMaker® layout, you must turn on **Facing Pages** in either the **New Document** menu or the **Document Setup** menu.

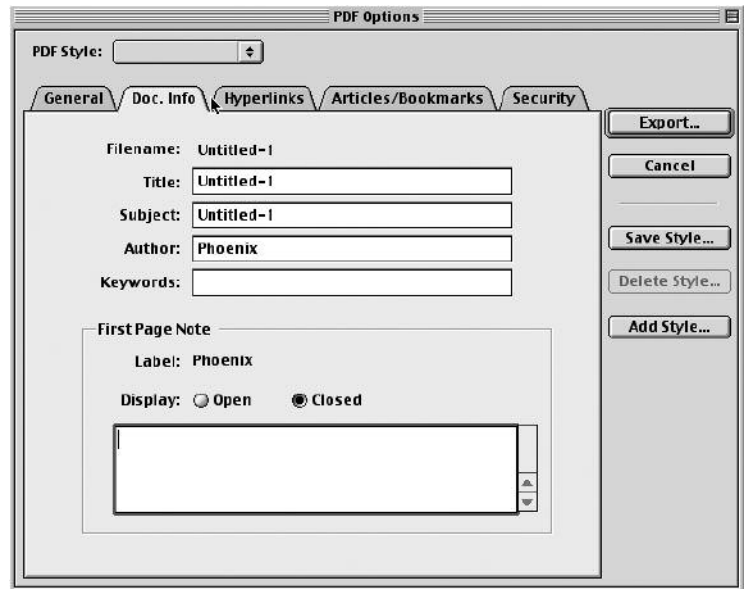

- > Under the **File** menu select **Export**.
- > Under the **Export** menu select **Adobe PDF...**

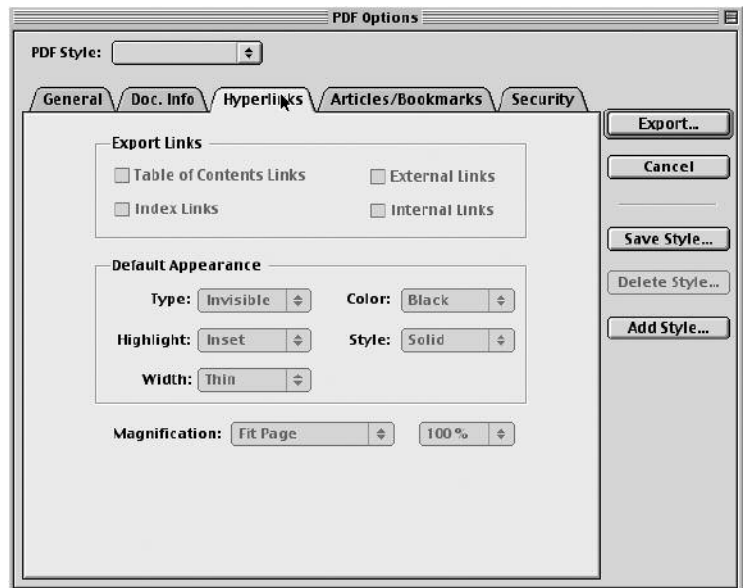

- > In the **PDF Options** window select the **General** tab.
- > Set **Job Name**: to **DISTILLER_4_PHOENIX**.
- > Select **All Pages in Current Publication**.
- > Set **Page Size(s)**: to **Same as current publication**.
- > Set **Style**: to **Acrobat**.
- > Deselect **Check for PageMaker printer style conflicts**.
- > Deselect **Embed Tags in PDF** (for accessibility and reflow).

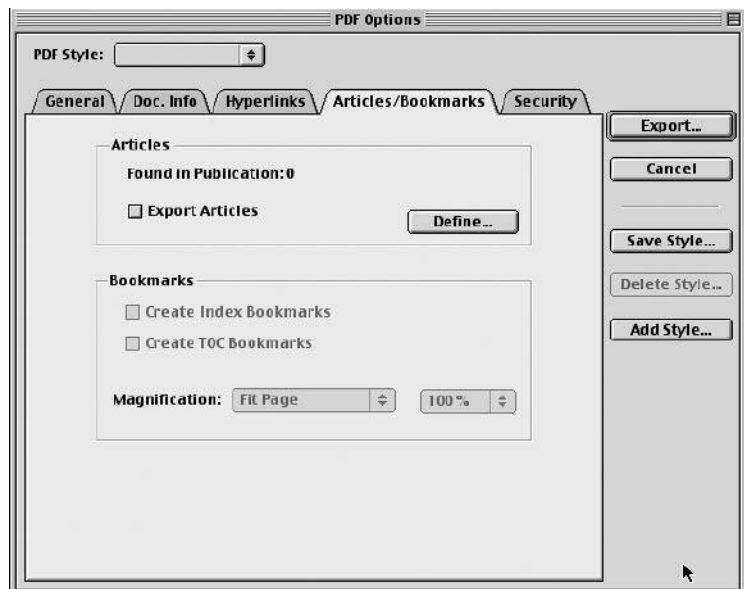

- > In the **PDF Options** window select the **Doc. Info** tab.
- > Leave **Title:** & **Subject:** the name of your document.
- > Set **Display:** to **Closed**.

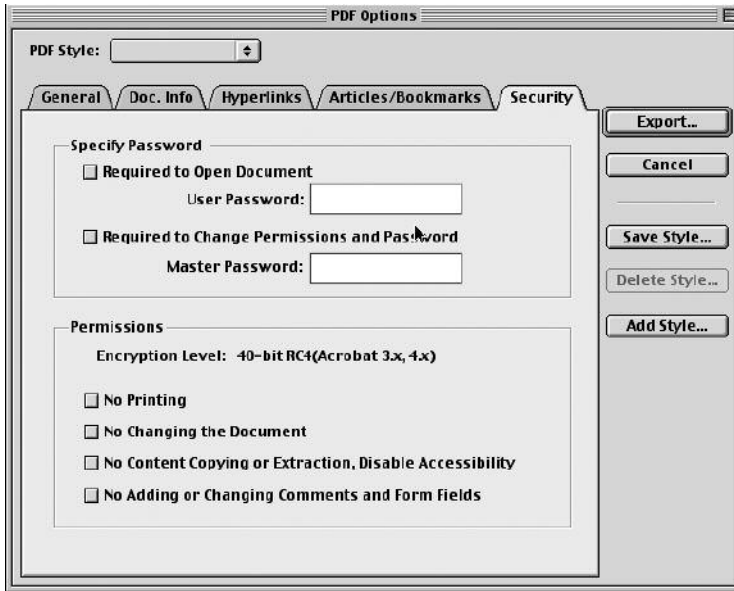

- > Select the **Hyperlinks** tab.
- > All selection choices should be grayed out.

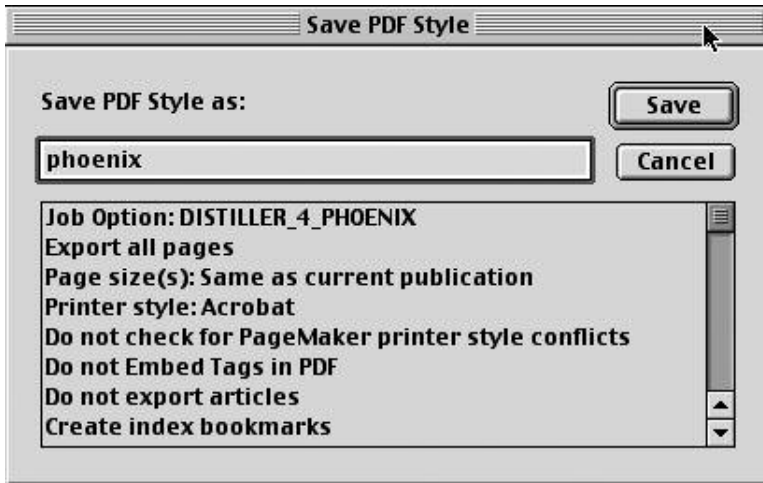

- > Select the **Articles/Bookmarks** tab.
- > Deselect **Export Articles**.
- > All selection choices should be grayed out.

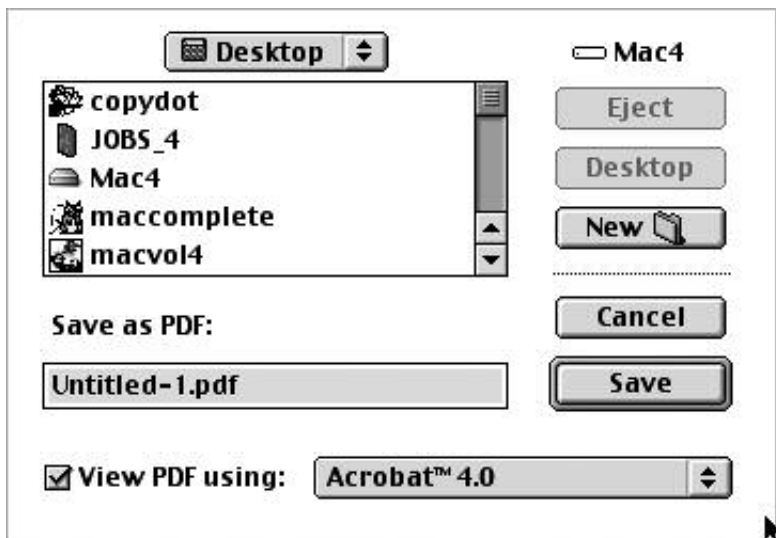

- > Select the **Security** tab.
- > Deselect **Required to Open Document**.
- > Deselect **Required to Change Permissions and Password**.
- > Deselect **No Printing**.
- > Deselect **No Changing the Document**.
- > Deselect **No Content Copying or Extraction, Disable Accessibility**.
- > Deselect **No Adding or Changing Comments and Form Fields**.
- > Select **Save Style** to access for future use.

- > In **Save PDF Style** menu verify that all settings are correct and name the style.
- > Select **Save** for future use.

- > Navigate to the location of where you would like the PDF saved.
- > Name your PDF.
- > Select **View PDF using:** and set to **Acrobat™ 4.0**.
- > Select **Save**.
